Search Engine Optimization Packages

Initial Setup

\$300 initial fee

Your site will be analyzed once and compared to your competitor. Keywords will be added or changed upon your approval. These changes will include changes to your site, so access will be needed to your site, so FTP access to the site will be needed. The site will be added to all available search engines. If your site is has not been added to google maps, we will add it. We will continue to optimize until you are satisfied with the initial setup.

Semi-Annual Package

\$75 semi-annual fee

Your site will be analyzed twice a year on the search engines, along with a comparison on what your competitor is ranked. Keywords may be updated upon request and resubmitted to the search engines. Search engine submission will be performed to ensure that they know your site is still current.

Quarterly Package

\$60 quarterly fee

Your website will be analyzed once a quarter on the search engines, along with a comparison on what your competitor is ranked. Keywords may be updated upon request and resubmitted to the search engines to ensure dates are current.

Monthly Package

\$50 monthly fee

Your site will be analyzed once a month on the search engines, along with a comparison on what your competitor is ranked. Keywords may be updated upon request and resubmitted to the search engines. Search engine submission will be performed to ensure that they know your site is still current.
